

POLICING – BARTON UNDER NEEDWOOD

Dear all,

I wished to advise you of some changes in terms of staff movements for the Needwood & Barton Neighbourhood Policing Team.

Sadly, PCSO 8994 Mandy HALES has been moved ward areas and now covers Uttoxeter Town Ward due firstly to vacancies opening up caused by other staff leaving the Police to take on other roles and secondly due to her skills and abilities in Problem Solving and with the issues being experienced there these skills will be invaluable. I am devastated to see Mandy leave as she has been a constant pillar of support for me and the communities within Needwood & Barton, I hope you will all join me in wishing Mandy the very best and every success in her new role. Mandy is not due to be replaced imminently as we are in the process of recruiting Police Community Support Officers and once the recruitment process is complete a permanent PCSO will be assigned. In the interim Mandy and the other PCSO's based at Uttoxeter will continue to support the communities of Needwood & Barton.

Albeit there is a loss with Mandy moving on, there is a positive to this email in that Needwood & Barton will be gaining another Police Officer. PC 4407 Richard BOULTER has joined me on the team and is a really welcome addition. I'm sure many of you will know Rich due to his previous role as the Neighbourhood Police Officer for Abbots Bromley and surrounding areas and also the fact that he has been a long serving Officer at Uttoxeter Police Station. He has a wealth of knowledge and experience in all aspects of neighbourhood policing and I am really looking forward to benefiting from this to develop myself and also to help police the communities we serve.

If I could ask that moving forward Mandy is omitted from any correspondence you send and PC Boulter is included as we will be working opposite shifts to one another to provide a better policing coverage and response.

Contact details for PC 4407 Richard BOULTER are: richard.boulter@staffordshire.pnn.police.uk

Please feel free to circulate this information as necessary, I have attempted to include as many people as possible.

Kind Regards,

Rich

PC 0904 Rich Lymer
